

FIRE

SAFETY

The Fire and Rescue Service in England attend over half a million incidents and there are hundreds of fire-related fatalities every year.

This course covers how fires start and spread, using videos, interactive exercises, text, images and spoken words to ensure this important subject is suitably explained.

As the course progresses, it explores detection equipment and evacuation protocols, including how to identify different types of fire signs.

COURSE COVERS

Fire safety legislation, regulations and employee responsibilities.

The types of fires, how they start and how they spread.

An overview of firefighting equipment and fire signage.

Fire detection, evacuation and assembly points.

SUITABLE FOR

This course is for all employees to ensure they understand their responsibilities relating to fire safety.
