

# DATA PROTECTION AND THE GDPR

In May 2018, the General Data Protection Regulation, known as GDPR, changed the landscape of data protection in the UK. This course covers all the key aspects of this complex piece of regulation, breaking down each part into bite-sized chunks and utilising scenarios to increase knowledge and understanding.

The core principles of the GDPR are covered and knowledge is assessed via quizzes and a final assessment. Those completing the course will be armed with sufficient knowledge and understanding to comply with this important piece of regulation.

## COURSE COVERS

The principles of the General Data Protection Regulation.

The eight data rights of individuals.

Legal requirements for requesting, using, sharing and deleting data.

How to manage subject access requests.

## SUITABLE FOR

Any employee who may come into contact with personal information should complete this course, especially those who are customer-facing.
